Project Management Experience: 20 + years

Earned Value Management: 23 years

Consulting Experience: 3 years

Career Highlights: Mr. Thompson is the Principal Consulting Manager for Performance Management with Robbins-Gioia, LLC. He has extensive Earned Value Management Systems (EVMS) experience from both the government subcontractor implementation and government compliance review sides of the house. One of Mr. Thompson's latest accomplishments includes leading the EVMS implementation for the Benet Labs in Watervliet, New York. He has successfully trained individuals from executive management down to those actually implementing the EVM process. Mr. Thompson is thoroughly familiar with all aspects of EVM System implementation. This includes system description preparation through completion of customer compliance review among other aspects.

Professional Certifications: Project Management Professional (PMP)

Education:

B.S. Economics, Rollins College
